The Purple Line Corridor Coalition (PLCC) is an innovative public-private-community collaboration working to leverage Maryland’s largest transit investment in the 21st century to create a place of opportunity for all who live, work and invest in the corridor. Our work is guided by the goals and vision laid out in the Community Development Agreement for the Purple Line Corridor which was developed through an extensive stakeholder engagement process.

PLCC Housing Action Team

- CASA & Fair Development Coalition
- Coalition for Smarter Growth (CSG)
- Community Preservation and Development Corporation
- Enterprise Community Partners (Co-Chair)
- Housing Initiative Partnership (HIP) (Co-Chair)
- Kaiser Permanente
- Montgomery County Planning Department

- Over 600 residents took time to take our housing survey or participate in a focus group
- Many more people and organizations who took the time to inform this plan.

Research and engagement led by Mariia Zimmerman, MZ Strategies LLC and Steve Brigham, Public Engagement Associates. Design materials led by the Neighborhood Design Center. Research and data analysis provided by National Center for Smart Growth (NCSG). Additional research and translation support provided by Maya Coleman, Elena Goldsborough, Brenna Hill, Kate Welbes, Brackston Ziman and Manel Lacorte University of Maryland Translation and Interpretation Services.

DISCLAIMER: The views expressed in this plan are informed and guided by the coalition as a collective group. These views do not necessarily reflect each individual organization’s official position or commitment to the details outlined in this plan. This plan is a living and working document that will evolve with the coalition.
The new 16-mile light rail Purple Line, currently under construction and projected to open for service by early 2023, will shape the growth and character of Montgomery County and Prince George’s County for decades to come. Still, many questions remain. Will neighborhoods surrounding the 21 stations remain affordable to people currently living in the corridor? Will home values and rents escalate in the corridor, as we’ve seen in other parts of the region once new transit is introduced? Will households, regardless of size or income, find a place to call home along the Purple Line? The actions we take today, as a state and a region, will have a continued impact on the state of housing stability for generations to come.

This rail line is an investment in our region, in the infrastructure we need to run our businesses and in the creation of thriving communities along the Purple Line. By making smart investments in and around the rail, we can ensure it succeeds in many ways: by growing and sustaining local businesses, creating more jobs, and preserving our vibrant, beautiful communities. That’s why a group of community residents, organizations, developers, financial institutions and government agencies are working together to make sure the Purple Line benefits everyone, and that we make a concerted effort to preserve the unique culture and history of our communities. To accomplish these goals, we will need to be equally vigilant about protecting existing residents and businesses from displacement, as well as ensuring that every person has access to the economic opportunity that this rail development brings.

The Purple Line Corridor Coalition (PLCC) is comprised of public, nonprofit and private organizations that have pledged to work together with state transportation officials to address the full gamut of community needs. The PLCC’s primary task is to ensure that investments preserve the communities and protect existing residents living along the proposed rail line. More specifically, PLCC is working to ensure housing stability for people who live in the corridor today. We believe that there is a pathway to preserve at least 17,000 homes currently affordable to households that earn $70,000 annually or less. This includes working to ensure that we retain the 8,500 homes with current rent protections that keep them affordable. Both of these steps are critical – the area around the rail station remains one of the last affordable communities in the region for low-and moderate-income households. Today, over half of the population living in neighborhoods between New Carrollton and Long Branch earn below the area median income. Our intention is to work with a diverse range of strong partners to ensure that current residents, no matter where they work, have a stable, affordable place to call home.
As a first step to build the PLCC housing action plan, we listened. We conducted listening sessions across the area to hear residents, businesses, and other stakeholders talk about the needs and aspirations of communities. Next, we did our homework. Recent work by both counties to update zoning and development regulations, revise policies, evaluate county housing needs and adopt a variety of plans — including sector plans for Montgomery County’s Purple Line station areas to the County Comprehensive Strategy Report - Housing Opportunity for All - in Prince George’s County — were reviewed. Then, we put together a pathway forward that reflected what we heard and learned. This document reflects the primary strategies that emerged for the PLCC to undertake in the next three years.

Our promise is to remain committed and accountable. This Housing Action Plan provides a living framework for residents and local businesses to monitor our collective progress and to engage in the work. The PLCC plan identifies 12 different key actions to advance between now and 2023 to ensure housing opportunity all along the corridor.

The Plan’s 12 recommendations are organized into three categories:

A. the first set of actions are designed to increase the production of new housing, to accelerate the preservation and rehabilitation of existing housing and to protect tenants;

B. the second set of actions establish more regular coordination between jurisdictions and coalition partners on specific locations within the corridor where collaboration is essential; and

C. the third set of actions are those the Coalition can take to improve how it works together with new and existing partners on advocacy, research and monitoring housing trends along the corridor. Everyone reading this plan can contribute toward its successful implementation. We look forward to working with you to achieve these shared community goals.

Producing and sharing this plan marks an important milestone in PLCC’s progress, but there is more work and change still to come. As the coalition grows, the plan will evolve in new ways that help improve the lives of people and their communities.

This plan is a living and working framework that will evolve with the coalition. As the coalition grows, the plan will evolve in new ways that help improve the lives of people and their communities.
1. **Stronger protections for existing residents.** Ensure tenants across the corridor are much better protected through increased legal protections, stronger enforcement for when landlords violate housing codes for their buildings, and to ensure tenants know their rights and have effective access to legal resources.

2. **Grow and align housing funding to prioritize the Purple Line.** Increase housing trust funds in both counties and seek purple line prioritization in the State of Maryland’s funding resources.

3. **Accelerate strategic acquisition and redevelopment opportunities.** Prioritize efforts to acquire, preserve and redevelop housing on empty lots or low-density sites that may be owned by public agencies, houses of worship or others along the corridor. Deploy tax abatement and Right of First Refusal programs to create and preserve affordable multi-family housing.

4. **Help current homeowners rehab and remain in their houses.** Increase funds to support low-cost loans to aid low-income and older homeowners in updating and repairing their homes.

5. **Expand opportunities for current renters to be able to purchase a home affordably.** Promote pathways to affordable homeownership through additional down-payment support to qualified residents.

6. **Reduce the barriers to developing mixed-income neighborhoods.** Help developers navigate the Purple Line development process to ensure that new multi-family apartments include elements that support transit use, improve walkability, create more retail and office space, and include a percentage of affordable housing.

7. **Preserve and modernize smaller rental properties.** Work with local landlords to share information with them on available programs and strategies to preserve affordability and modernize properties.

ENSURE A DIVERSE MIX OF HOUSING TYPES THAT REFLECT THE FULL RANGE OF PRICE POINTS BOTH RENTER AND OWNER RESIDENTS CAN AFFORD

Figure 7. PLCC HAP meeting (photo credit S.Morley)
B

FORMALIZE COLLABORATION BETWEEN JURISDICTIONS AND ACROSS SECTORS WHILE ELEVATING COMMUNITY VOICES AND ENGAGEMENT.

8. Prioritize coordinated action and improved communication in the Takoma Langley Area. Formalize processes to share information, engage community partners and collaborate across jurisdictions and agencies on housing and other issues important to those living, working, and visiting the crossroads between Long Branch, the City of Takoma Park, and Langley Park.

9. Market and coordinate across Purple Line jurisdictions to attract private investment. Collaborate across public agencies to ensure future investments in the twelve Opportunity Zones (OZs) along the Purple Line support equitable development goals.

C

IMPROVE HOW THE PLCC ENGAGES IN ITS WORK ACROSS MEMBERS AND WITH LOCAL COMMUNITY ORGANIZATIONS TO ADDRESS EMERGING HOUSING ISSUES AND COMMUNICATE PROGRESS

10. Foster collaborative culture and leadership. Expand partnerships with civic organizations and strengthen the capacity of those working directly with Purple Line communities to implement housing action plan recommendations.

11. Hold ourselves accountable. Utilize the PLCC partner organizations to track progress toward the Coalition’s housing goals and ensure greater accountability.

12. Research critical housing issues and emerging trends. Identify resources to support work by Coalition members to determine the feasibility and potential to deploy new strategies that serve PLCC housing goals.

Figure 8. PLCC Accelerating Investment for Healthy Communities (AIHC) meeting (photo credit Harry Connolly, courtesy of Enterprise Community Partners)
There are over 170,000 people currently living along the corridor, which represent economic, racial and ethnic diversity. To reflect this diversity of population and housing conditions the corridor has been split into subareas* shown in the map below.

*Subarea geographies are aggregated from census block groups which have geographic centroids within 0.5 mile of a purple line station. Data comes from US Census, ACS 2013-2017 (data are estimates) data are rounded estimates.

The Purple Line is projected to open in a little more than three years. Evidence from other regions where new transit lines have opened demonstrate that home values, rents and land speculation can increase rapidly after service starts. The time for action is now.

This data snapshot forms part of the Purple Line Corridor Coalition Housing Action Plan, a document that sets out a commitment to preserve and grow housing opportunity within the Purple Line Corridor. The full Housing Action Plan can be accessed http://purplelinecorridor.org/
We see and hear almost daily the housing cost challenges facing many in our region from teachers, health care workers, service employees, and plumbers to federal employees, university professors and students. We have a housing affordability crisis today, and yet things may get worse.

PLCC Commitment:

PLCC is working to prioritize housing stability for people who live in the corridor today. One target we’ve set is to ensure that at least 17,000 homes within 1 mile of the Purple Line remain affordable to rental households that earn $70,000 annually or less (equivalent of earning 60% of the Washington metropolitan area’s median household income). This includes working to ensure that we retain the estimated 8,500 homes that currently have protections that keep them affordable.

Housing Conditions

The homes along the corridor are aging with most built more than 50 years ago. There is a need to support owners and landlords to refurbish and improve homes.

This data snapshot forms part of the Purple Line Corridor Coalition Housing Action Plan, a document that sets out a commitment to preserve and grow housing opportunity within the Purple Line Corridor. The full Housing Action Plan can be accessed http://purplelinecorridor.org/

The 12 recommendations represent a variety of actions and strategies to expand housing opportunity and preserve existing affordability. These are organized into three categories:

A. the first set of actions are designed to increase the production of new housing, to accelerate the preservation and rehabilitation of existing housing and to protect tenants;

B. the second set of actions establish more regular coordination between jurisdictions and coalition partners on specific locations within the corridor where collaboration is essential; and

C. the third set of actions are those the Coalition can take to improve how it works together with new and existing partners on advocacy, research and monitoring housing trends along the corridor.
**Key Terms Glossary**

**Area Median Income (AMI)** - The median income of a city defined each year by U.S. Department of Housing and Urban Development (HUD)

**Community Development Agreement (CDA)** - Pathways to Opportunity: A Community Development Agreement for the Purple Line Corridor was adopted by the PLCC in 2015 and articulates a collective vision for vibrant economic and community development along the corridor and strategies to achieve that vision.

**DHCA** – Department of Housing and Community Affairs within Montgomery County

**DHCD** – Department of Housing and Community Development within Prince George’s County

**Housing Action Team (HAT)** – A cross-jurisdictional and cross-sector action team of the Purple Line Corridor Coalition co-chaired by ECP, HIP and MHP that is focused on achieving the Coalition's housing opportunity goals.

**Housing Cost Burdened** - Families who pay more than 30 percent of their income for housing often leading to difficulty affording other necessities.

**Housing Opportunity for All: Comprehensive Housing Strategy (CHS)** – Key housing planning document finalized by Prince Georges’ County in 2019 to guide housing investments and programs.

**Housing Trust Fund** - State or local funds allocated to increase and preserve the supply of affordable housing.

**Inclusionary Zoning (IZ)** - A zoning ordinance that requires or incentivizes private developers to designate a certain percentage of the units in a given project as below market rate affordable housing.

**MC** – Montgomery County

**Opportunity Zones (OZ)** - An economically-distressed community where new investments may be eligible for preferential tax treatment.

**PGC** – Prince George’s County

**Purple Line Corridor Coalition (PLCC)** - a partnership of regional stakeholders across Montgomery County and Prince George’s County working to ensure that investments in the Maryland Transportation Administration’s planned 16-mile light rail, the Purple Line, will offer the maximum economic, social, and environmental opportunities to the residents and businesses along the corridor.

**Tenant Protections** - Legal rights for tenants, mainly providing protection from landlords and lease restrictions.

**Transit-Oriented Development (TOD)** - a mixed-use residential and commercial area designed to maximize access to public transport that incorporates features to encourage transit ridership.
